<sup>1</sup> Cosigner release allowed if an account is in current standing, after 24 months of consecutive and on-time payments (or fewer, as required based on borrower's state of residency), and the borrower meets the loan program's current underwriting criteria.

<sup>2</sup> Borrowers with private loans that are in deferment (including borrowers who elect deferred repayment), a grace period, or forbearance are not eligible to enroll and receive the automatic debit benefit until they enter into repayment. Borrowers electing to enroll in interest-only or immediate repayment are eligible to enroll in automatic debit upon initial disbursement.
